

Address Identification Specifications

MINIMUM STROKE WIDTH of 0.5 inch
SHALL BE ARABIC NUMBERS OR LETTERS

- New and existing buildings shall have approved address numbers or building numbers to include suite or apartment identification placed in a position that is **plainly legible and visible** from the street, road, or parking area fronting the property.
- All lettering and numbering shall contrast with their background.
- Where required by Fire Official, address numbers shall be provided in additional approved locations to facilitate emergency response.
- Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure.
- Address numbers shall be maintained legible and visible at all times.
